

THE FAMILY AND MEDICAL LEAVE ACT

1. The FMLA Posting, the FMLA Fact Sheet and the District's Notice of Expectations and Obligations shall be posted and remain posted at all District facilities.
2. A copy of the FMLA United States Department of Labor Fact Sheet No. ESR 93-24 shall be given to all employees
 - a. whenever other written guidance is given by the District to employees concerning employee benefits or leave rights;
 - b. whenever an employee requests leave under the FMLA (regardless of the employee's entitlement to such leave); and
 - c. whenever the District designates a leave as an FMLA leave.
3. The expectations and obligations of a District employee eligible for an FMLA leave are as set forth on the written Notice of Expectations and Obligations. If an employee is eligible for an FMLA leave, or if the District designates a leave as an FMLA leave, the employee shall be provided with the aforesaid written Notice of Expectations and Obligations. The employee shall be required to sign a copy of the Notice of Expectations and Obligations which is to be maintained in the employees' personnel file. If the employee cannot or refuses to sign the notice, appropriate documentation of the situation shall be prepared and maintained in the employee's personnel file, with a copy of the documentation being provided to the employee.
4. An employee may be denied an FMLA leave under the following circumstances:
 - a. the employee does not meet the eligibility standards of having actually worked for the District at least twelve (12) months prior to the start of the leave and having worked 1,250 hours during the year prior to the start of the leave;
 - b. if the employee fails to give timely advance notice when the need for FMLA leave is foreseeable; but such leave will be granted if

desired by the employe (if the employe is otherwise entitled to the leave) thirty (30) days after the date the employe gives notice;

- c. if the employe fails to provide timely medical certification where required, FMLA leave may be denied until the certification is provided;
 - d. if the employe has exhausted twelve (12) weeks of FMLA leave during the twelve-month period preceding the start of the leave;
 - e. in any case in which the necessity for the leave is in order to care for the spouse, child or parent of the employe or because of the employe's own serious health condition where the employe fails to make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the District, subject to the approval of the health care provider;
 - f. if both a husband/wife work for the District, and one or the other seeks a leave so that the aggregate number of work weeks taken by both would exceed twelve (12) and the leaves were taken because of the birth or placement of a son or daughter or in order to care for the spouse, child or parent of the employe; and
 - g. if the employe is not qualified for such leave for any reason.
5. The attendance records of each employe shall indicate whether any leaves are designated as FMLA leave and whether FMLA notice was given to the employe in accordance with paragraph 3 hereof.
6. Calculation of the amount of FMLA leave utilized by the employe is to be as follows:
- a. only the amount of leave actually taken and designated as FMLA leave may be counted;
 - b. for regularly scheduled employes, time taken in less than full-week increments shall be proportionately calculated based upon the amount of time taken off as compared to the employe's normal work week. For example, where an employe who normally works five (5) days a week takes one (1) day off, the employe would use one-fifth of a week of FMLA leave. If a full-time employe who normally works eight-hour days works four-hour days under a reduced leave schedule, the employe would exhaust one-half week of FMLA leave each

week;

- c. for employes whose work-week is varied, a weekly average of the hours worked over the twelve (12) weeks prior to the beginning of the leave period will be used for calculating the employe's normal work-week. If an employe who work thirty (30) hours per week under this calculation works only twenty (20) hours a week as a result of taking FMLA leave, the employe's ten (10) hours of leave would constitute one-third of a week of FMLA leave.
7. All employes requesting a leave of absence, whether for FMLA leave purposes or not, shall complete and submit a written request on the attached form. No employe shall be entitled to a leave of absence unless the form is submitted and completed.
8. FMLA leave cannot be taken intermittently or on a reduced leave schedule for the birth or placement of a child for adoption or foster care.
9. An employe will be denied intermittent leave or leave on a reduced schedule to care for an immediate family member (spouse, child, parent) with a serious health condition or if the employe has a serious health condition, if:
 - a. the employe fails to establish, through medical certification, that there is a medical need for such leave (as distinguished from voluntary treatments and procedures); or
 - b. the employe has failed to establish, through medical certification, that it is medically necessary for the leave to be taken intermittently or on a reduced leave schedule.
