PARENT NOTIFICATION SYSTEM

The Antietam School District uses an electronic notification system, SKYLERT to send important information to parents and students. Typically, general information like school activities, events and more are provided to parents/guardians via the email notification portal. Emergency situations like closing school or dismissing early due to poor weather conditions are sent via both the email and phone notification portals.

In order for this system to work effectively, parents/guardians need to keep the district updated when phone numbers change and provide us with an email address that you would like to receive notifications. To change/add your phone number or email address, you can either send the information to school with your child or email the information to the following address: skylert@antietamsd.org.

Thank you,
Dr. Mayes
