

# **General Instructions for Accessing Technology**

Good afternoon Mounts families. In anticipation of our virtual classes starting later this week, we are sending several tutorial videos to help your students get comfortable with some of the tools they need.

### \*\*IMPORTANT NOTES\*\*

#### **New Passwords:**

The following are the requirements for creating a new password:

- ➤ Must be at least 12 characters long
- > Cannot contain your first or last name
- > Cannot be a previously used password

# For grades 3-12:

If Schoology happens to be down, all students can and should still use their access to Microsoft Teams to meet with their teacher.

#### **ACCESS INSTRUCTIONS**

On Wednesday, all students will begin their classes in Microsoft Teams. This is the tool for virtual meetings with teachers. The link for using this is below.

<u>Getting to Microsoft Teams</u> - Video for grades 3-12 <u>Getting to Microsoft Teams</u> - Directions for K-2 iPad

Schoology is the platform for students in grades 3-12 to access the content (assignments, tests, other work) for their online classes and learning. There are several links for parents and students below.

Students - Getting to Schoology Parents - Getting to Schoology Changing Schoology Passwords Parents - Navigating Schoology Clever is the tool the district uses for making navigating online resources easier. Rather than needing to remember multiple logins and passwords for the online resources the district uses, students can go to Clever and be logged in with a single click. The link below explains how to access Clever.

## **Getting to Clever**

The A+ Sharp website has also been updated to provide resources for parents and students concerning meal programs, device support, and use of electronic resources. The link is below.
