## What can **AVA** do for you as a student?

The AVA program provides complete flexibility for students. Each student may choose between full-time online schooling or hybrid schooling, where students may take a few classes online and a few classes in the brick and mortar. Students in the program have access to all traditional school programs including; athletics, band, musical, school clubs, participation in school functions and access to the library and guidance.

## **AVA can provide opportunities to :**

- ◆ Earn an Antietam School District Diploma
- ◆ Enroll in credit advancement courses
- ◆ Access state-of-the-art technology resources
- ◆ Personalize special education services
- ◆ Hybrid Scheduling Available (Brick & Mortar and Cyber Classes)
- ◆ Work at home or in the virtual lab

Consumer Science.

## AVA/Edgenuity Partnership

During the 2018-2019 school year, the Antietam Virtual Academy partnered with Edgenuity, one of the leading online virtual platforms in the country. That year, Edgenuity served as the provider for grades 6-12 for the AVA program. In the summer of 2019, Antietam made the switch to have Edgenuity be the program's sole online provider for grades K-12.

Check out Edgenuity at their website:
