

Antietam Community Survey Data

July 24, 2020

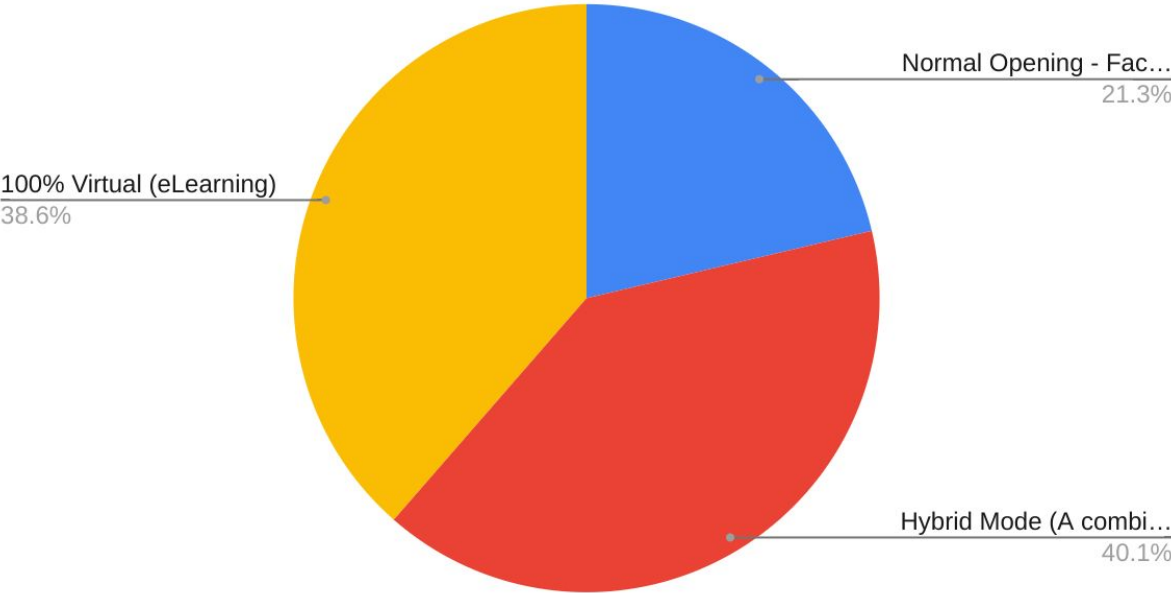

Hello Antietam! For those of you who took the time to complete the survey, we greatly appreciate your feedback. The survey is now closed. There's definitely some skewing of the data in these charts. We didn't delete any of the responses, but some parents/staff completed it more than once. Some of the people that completed the survey didn't properly identify themselves by first and last name. We also believe that some of the responses are from people who are not parents, guardians, or staff members of the Antietam community.

Total Responses: 591 (Includes both English and Spanish Version Spreadsheet Data)

Please Identify Yourself

Please indicate how you would like the Antietam School District to open their schools.

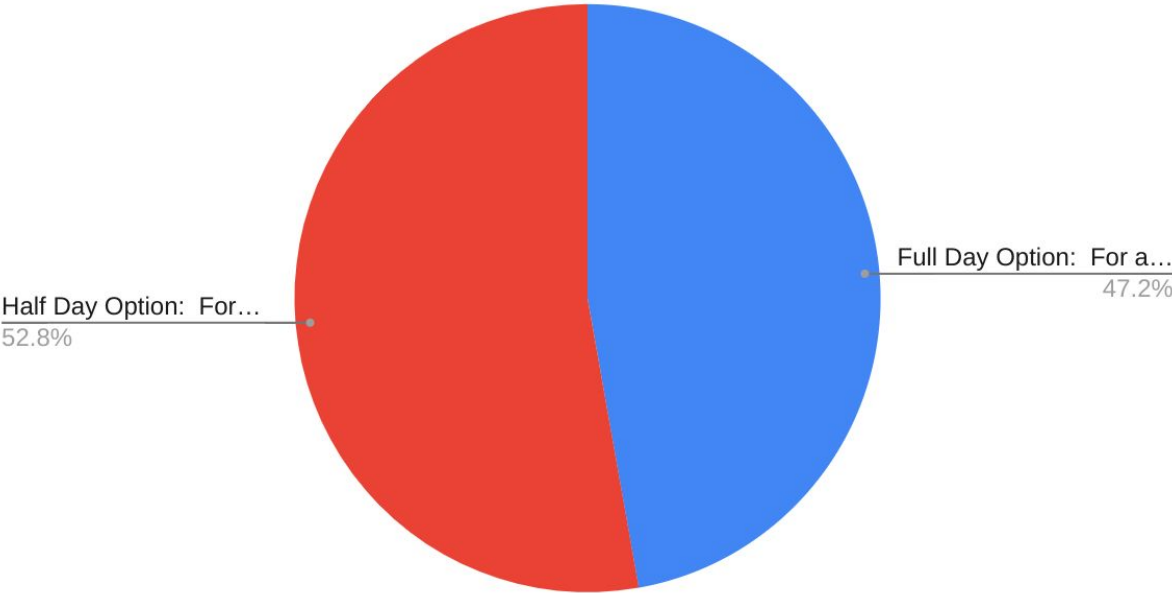

Remember: There is Skewing Going On...

Normal Opening: 126 Votes

Hybrid: 237 Votes

Virtual: 228 Votes

For "Hybrid Mode", we would split the entire K-12 student body into two groups, for example- Group A and Group B- so that...
